[2] Additional parts required for Retractable Tow Bar installation: Tow Bar Bolt M6 x 20mm (5209771), Tow Bar Nut M6 x 15mm (2038467), Tow Bar Bolt M6 x 25mm (1797270), Tow Bar Bolt M6 x 16mm (1690589), Trim Pin (5204743)
[3] Alternative Roof Boxes are available
[4] Also available in black

For more information about any of the included Ford Accessories, or to view the full range of Ford Accessories visit **www.ford-accessories.ie**

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name.
Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.
Fitment of dealer-fit parts and accessories may have an impact on your vehicle's fuel / energy consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

FORD PROTECT

Every new Ford Kuga is protected by a 2 year/unlimited km Base Warranty. An additional Extended Warranty of up to 5 years/ 100,000 km Warranty is applied to the vehicle.*

Ford Protect New Vehicle Extended Warranty

If you plan on keeping your vehicle for longer than 5 years or are a high mileage driver you can extend your warranty to 4 year/ 120,000 km, 5 year/ 100,000 km or 5 year/160,000 km warranty.

Features:

- Cover against the cost of repair or replacement of defective parts, or to repair a material, assembly or manufacturing defect recognised by Ford
- Helps protect against unexpected repair bills
- All repairs will be carried out by Ford Authorised Dealers using genuine Ford parts
- Ford Protect New Vehicle Extended Warranty plans can be purchased any time within 12 months from date of registration

Ford Protect Service Plan

You can also purchase a Ford Protect Service Plan.

Features:

- Scheduled Servicing; covers servicing in accordance with Ford Standard Service Schedules including associated parts and labour, for the number of services applicable to your plan.
- The Ford Protect Service Plan can be purchased any time within 12 months from date of registration or before the first service is due (whichever is the sooner)

Notes and Conditions

* Customers can choose to opt out of the 5 year/ 100,000 km Extended Warranty for an alternative 3 year/ 100,000 km Warranty.
The length and mileage of your plan applies from your new vehicle warranty commencement date, usually the date of first registration
Warranty on High Voltage Battery for FHEV, PHEV and HEV - 8 years / 160,000 km. Warranty on High Voltage Components for FHEV, PHEV and HEV - 5 years / 100,000 km.
Time and mileage limits apply to all Ford Protect Plans
Please contact your nearest Ford dealer for information on service intervals
It is a condition of Ford Protect Service Plan that your vehicle is serviced by an Authorised Ford Repairer according to the schedules in your Ford Service Portfolio
In addition your Ford Service History Log must be kept up-to-date
Subject to the terms and conditions of the Ford Protect Plans
These Ford Protect Plans are transferable so it is an added benefit to the new owner if your decide to sell your vehicle
Ask your Ford Dealer for full details of the Ford Protect New Vehicle Extended Warranty and Service Plan and their associated Terms and Conditions or alternatively call Ford Protect on +44 3702 416726, Option 2, Option 2, or visit www.ford.ie

FUEL CONSUMPTION

The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO2 figures shown are derived from the new WLTP test.

This will produce more accurate figures which most likely will be greater than those arrived at using the NEDC test. Please be mindful of this in making comparisons between vehicles where some manufacturers may still display the old NEDC figures. It should be noted that vehicle registration tax (VRT) and where applicable motor tax is now based on these WLTP figures from 1st January 2021. Understanding fuel data; The table below shows the fuel consumption (WLTP) and CO2 emissions (WLTP) for each available engine when fitted on a standard specification Kuga (with no options or accessories). Adding options or accessories to your chosen vehicle can Impact WLTP fuels consumption and CO2 emissions. Please speak to your Ford Dealer for more information.

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.ie/configurator . The configurator provides information about your configured vehicle's fuel consumption and CO2 emissions (these are also WLTP test figures).

								Figures)		Charging Times for PHEV battery (hrs)		
Engine	Fuel Type	Available On	Euro Emissions	Transmission	Drive	Maximum Power PS (KW)	Torque Nm	Lowest Performing (L/100km)øø	Highest Performing (L/100km)øø	DC Fast Charge	Wallbox /High power outlet (400V/32A)	Domestic Socket (230V/16A)
2.5 Duratec 243PS PHEV*	Electric-Petrol	Titanium, ST-Line X	6e-bis	CVT Automatic	FWD	243PS (165kW)	-	2.8	2.8	n/a	3:30	6:00
2.5 Duratec 243PS PHEV*	Electric-Petrol	ST-Line X Edition	6e-bis	CVT Automatic	FWD	243PS (165kW)	-	3.2	3.2	n/a	3:30	6:00

*In 4th gear. øFord test figures.

øø The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions and has fully replaced NEDC in 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under www.seai.ie.

PERFORMANCE

Engine	Euro Emissions	Transmission	Maximum Power PS (kW)	Torque Nm	Wheel Size	Max Speed kph	0-100 secs	50-100 secs

VRT Category A (EU Classification M1)

Most cars fit into category A and minibuses carrying no more than 8 passengers and driver. VRT is charges based on the CO2 emissions of the vehicle when it was manufactured. The VRT rates are as follows:

Effective from 1st January 2022	CO_2 Emissions (g/km)*		VRT Rate €	Minimum VRT €
1	0	50	7.00%	280.00
2	51	80	9.00%	300.00
3	81	85	9.75%	320.00
4	86	90	10.50%	340.00
5	91	95	11.25%	360.00
6	96	100	12.00%	380.00
7	101	105	12.75%	460.00
8	106	110	13.50%	540.00
9	111	115	15.25%	600.00
10	116	120	16.00%	680.00
11	121	125	16.75%	720.00
12	126	130	17.50%	
13	131	135	19.25%	
14	136	140	20.00%	
15	141	145	21.50%	
16	146	150	25.00%	
17	151	155	27.50%	
18	156	170	30.00%	
19	171	190	35.00%	
20	191	500	41.00%	

Nitrogen Oxide (NOx) Emission Levy

NOX (mg/km)*	Amount payable per mg/km (€)
The first 0-40 mg/km	5.00
The next 40 mg/km or part thereof up to 80 mg/km	15.00
The remainder above 80 mg/km	25.00
Diesel Cap	4850.00
Petrol Cap	600.00

NOTE: The NOx levy will be applied to all VRT category A vehicles (passenger and SUVs). The new charges being introduced will mean an increase in VRT for older imported cars and these charges will be based on a NOx (Nitrogen Oxide) sliding scale on passenger cars.

This new tax will replace the 1% VRT Levy on diesel cars which was introduced last year and the NOx tax will apply to all new or imported cars from January 1st, 2020.

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Henry Ford & Son Limited is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 23%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Gross Retail Prices (GRP), please contact your Ford dealer for final sale prices.

This price list is effective from 24th **June 2026** and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change it's recommended prices at anytime. Change to government legislation or tax changes could result in a change to Ford's published recommended prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.
Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.
Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
