[1]The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. The table shows the fuel consumption (WLTP) figures for each available engine on the Ford Tourneo Connect. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

[2] These figures were obtained using a combination of battery power and fuel. The Tourneo Connect PHEV is a plug-in hybrid vehicle requiring mains electricity for charging.

The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

Accessories Pricing Effective from 1st July 2026

For any more information about any of the included Ford Accessories, or to view a full range of Ford Accessories visit **www.ford-accessories.ie**

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name.
Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.
Fitment of accessories may have an impact on your vehicle's fuel consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

VRT Category A (EU Classification M1)

Most cars fit into category A and minibuses with less that 10 seats. VRT is charges based on the CO2 emissions of the vehicle when it was manufactured. The VRT rates are as follows:

Effective from 1st January 2022		CO_2 Emissions (g/km)*	VRT Rate %
1	0	50	7.00%
2	51	80	9.00%
3	81	85	9.75%
4	86	90	10.50%
5	91	95	11.25%
6	96	100	12.00%
7	101	105	12.75%
8	106	110	13.50%
9	111	115	15.25%
10	116	120	16.00%
11	121	125	16.75%
12	126	130	17.50%
13	131	135	19.25%
14	136	140	20.00%
15	141	145	21.50%
16	146	150	25.00%
17	151	155	27.50%
18	156	170	30.00%
19	171	190	35.00%
20	191	500	41.00%

Nitrogen Oxide (NOx) Emission Levy

NOX (mg/km)*	Amount payable per mg/km (€)
The first 0-40 mg/km	5.00
The next 40 mg/km or part thereof up to 80 mg/km	15.00
The remainder above 80 mg/km	25.00
Diesel Cap	4850.00
Petrol Cap	600.00

NOTE: The NOx levy is applied to all VRT category A vehicles (passenger and SUVs). This means an increase in VRT for older imported cars with these charges based on a NOx (Nitrogen Oxide) sliding scale on passenger cars.

This NOx Levy replaced the 1% VRT Levy on diesel cars, and has been applied to all new or imported cars from January 1st, 2020.

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 23%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Recommended On The Road prices and Recommended Retail prices. Please contact your Ford Dealer for final sale prices.
This price list is effective from 28th July 2026, and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view s of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to Ford's published prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.
Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.
Please also note **s**ome driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
